Esperanza Volunteer Group Media Packet

Description

Welcome to Esperanza! We want to make sure you have access to tools and resources to assist you in the planning process for your volunteer group trip with us, including feeling confident in sharing about and inviting people to volunteer with your group! Feel free to use any and all of the marketing materials in this media packet. Most of the materials are geared to be used in an info session that you can host in person or online with one or a room full of people. At the info session you can share about your experience with Esperanza, or why you're interested in volunteering with Esperanza, to invite people to join you in volunteering. This media packet is a resource that groups have requested over the years, and we hope you'll find it useful! Muchas gracias for all your support!
